4. Claims 12-22 are allowed.

Reasons for Allowance

5. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or fairly suggest a method of depositing a metal having a corrosion resistance on a separator for a fuel cell by projecting coated metal particles onto the separator having a passivating film thereon and destroying the passivating film while coating the separator with the coating. The prior art teaches coating a substrate with a particle having a coating thereon, but not destroying the passivating film in the process as well as a separator for a fuel cell as the substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
